# Krishna Chettri Memorial Education Fund

.....

The Krishna Chettri Memorial Education Fund (KC Fund) supports **current students of Budhanilkantha School with need-based micro-grants for college admissions expenses, specifically for institutions in North America.** The fund covers up to 50% of fees related to college applications, such as application fees, standardized test fees (SAT/TOEFL), visa fees, and SEVIS fees. The fund aims to provide up to \$100 to 10-15 students each year, disbursing at least \$800 annually.

**To date, the KC Fund has raised \$16,887.50, primarily from SEBSers, and will invest \$15,887.50 in a Vanguard account, reserving \$1,000 for this year's scholarships.** The Fund was officially announced by Bharat Kandel (Immediate Past President of SEBS-NA) at the Budhanilkantha School assembly in June 2024, and the application process was launched. **Currently, six students have applied for assistance with SAT fees, each receiving \$55.**

The fund was established in the loving memory of our beloved former president, advisor, and dedicated volunteer Krishna Chettri (503B). SEBS North America manages the KC Fund under the guidance of the fund's stewardship committee, which comprises Pooja Sherchan (Krishna's partner, batchmate, and family representative in the committee), Batsal Devkota (Krishna's batchmate) and Laxman Udas Pandey (President of SEBS North America).

# SEBS North America's Library & Educational Project

# SEBS North America's eLibrary Project

.....

Since 2019, SEBS North America has partnered with Open Learning Exchange (OLE), a registered non-profit in Nepal, to establish eLibraries in different public and community schools in Nepal. The eLibrary project is an initiative to establish online libraries in schools in rural Nepal where there is limited or no internet connection. Accessibility to the library content, which includes resources from course books to various educational videos, is provided by helping the schools set up devices and servers that host those contents. As such, the project aims to bridge the digital divide in Nepal by establishing digital libraries in community schools that lack reliable internet access. With the eLibrary project, SEBS NA empowers both, teachers and students, to integrate modern technology into the classroom, providing them with the tools they need to enhance the learning experience. **So far, we have implemented eLibrary Projects in 10 schools in Nepal.**

# 2024 Library Project in Jajarkot Post-Earthquake

.....

In 2024, SEBS NA established two physical libraries and eLibraries in the earthquake-affected district of Jajarkot. A total of 800 books were donated and fully equipped eLibraries with offline systems to access resources like educational videos, PDF books, notes, and other e-learning resources were set up in **Shree Janata Secondary School of Paiink** and **Shree Tribhuwan Secondary School of Khalanga**. Students and faculty members were trained to use the resources. SEBS NA would like to thank Uttam Sharma, Ram Rijal, Mangesh Thapa (SEBSers), Deeptika Karki, Bharat Kandel, and Laxman Udas Pandey (ex-com members) for leading the project's implementation on the ground. We would also like to thank Sudarshan Basyal (SEBSer) and Competition Dynamics Inc. (MA) for their generous donation of \$2,500 that made the project possible.

**Earthquake in Western Nepal:** On November 3, 2023, an earthquake hit Nepal mostly affecting areas in the hills of the mid-western region, which also happens to be one of the more rural areas in the country. Government officials report that more than 12,000 children are grappling with the aftermath of the earthquake. It is also estimated that around 1,900 pregnant women and more than 1,000 new mothers find themselves living under temporary tarpaulin shelters. The earthquake also caused significant damage to educational infrastructures. 898 schools were impacted among which 294 were completely destroyed and the remaining were partially destroyed. About 125,000 school-aged children will experience a disruption in their learning with some facing a serious risk to their access to education.

# SEBS North America's eLibrary Project

.....

We plan to continue raising funds to establish eLibraries in public and community schools of Nepal. **For just \$600 USD, SEBS-NA can set up a fully functional eLibrary in a school.** This includes installing servers and Wi-Fi devices and providing an offline digital library that features gamified learning modules, audio-visual content, and indexed course books. Once the system is in place, students and teachers can access these resources through local Wi-Fi without the need for an internet connection or data plan. We encourage SEBS NA members to collaborate in this process.

**How about establishing an eLibrary in the school you studied before joining Budhanilkantha School or the school in your home district? Let's do this! Please let us know if you are interested.**

**So far, we have implemented eLibrary Projects in 10 schools in Nepal:** Raluka Secondary School (Nuwakot), Sharada Secondary School (Bhojpur), Rastriya Secondary School (Nawalparasi), Laxmi Secondary School (Chitwan), Dupcheshwor Secondary School (Nuwakot), Chilaune Secondary School (Sindhupalchowk), Shree Janakalyan Secondary School (Makwanpur, in partnership with SEBS Member Digbijay Bista), Pyang Secondary School (Ilam), Shree Janata Secondary School and Shree Tribhuwan Secondary School (Jajarkot).

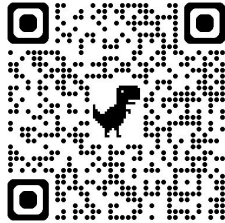

# “क्या राम्रो” Book Project with Mr. Rambabu Subedi

---

DONATE HERE

SEBS NA is collaborating with **Mr. Rambabu Subedi**, a renowned children's poet and former teacher at Budhanilkantha School, to publish a book titled ***Kya Ramro***. In partnership with a local press in Nepal, we plan to print around 1,000 copies, with Mr. Subedi generously offering the proceeds to SEBS North America. Mr. Subedi has authored over thirty-five books, including poetry, picture stories, plays, and educational works, most of which are designed for children. His poems are featured in school textbooks. Mr. Subedi has also taught at Eton College in the U.K. We are currently calling for sponsors/donors to support the cost of publishing the book. **We are aiming to raise around 1,500 USD. Please consider donating to “Rambabu Subedi Sir Book Fund” by scanning the QR-Code.**

# SEBS North America's Calendar Project

.....

We recently distributed desk calendars of the Nepali Year 2081 to key donors, advisors, active members, volunteers, and other stakeholders. These calendars, which include both American and Nepali dates, illustrate SEBS North America's rich history of serving its members, Budhanilkantha School, and the wider Nepali diaspora. Featuring photos that highlight key activities and milestones since 2001, the calendar also supports fundraising for our flagship eLibrary Project. Please let us know if you would like to receive a copy of the calendar in exchange for a small voluntary donation to the organization.

# Collaboration with SEBS for Alumni Building

.....

The Society of Ex-Budhanilkantha Students (SEBS) is leading an initiative to construct an alumni building on the premises of Budhanilkantha School. The BNKS Alumni Building project received formal approval on June 21, 2024, from the School Management Committee (SMC) and was officially endorsed by the Board of Trustees (BOT). SEBS North America is partnering in this significant project, contributing through project endorsements, fundraising efforts, and participation in the core committee. Bharat Kandel is representing SEBS NA in the project. Details of our collaboration will be discussed in subsequent meetings.

# Resolution: Investing SEBS North America's Assets

.....

To secure SEBS North America's long-term financial stability to continue serving our members, the Nepali diaspora, Budhanilkantha School, and the wider community, the Board is considering an investment of US\$ 30,000 (initially) through Vanguard. Known for its low fees and reliable, long-term strategies, Vanguard offers a prudent way to grow our funds and support our mission.

This investment would ensure responsible stewardship of our resources, providing financial security for future initiatives and mission-driven initiatives. Vanguard estimated an annual returns of 10%.

We are proposing the following resolution for your approval: **Are you in favor of SEBS North America investing US\$30,000 (initially) through Vanguard to ensure financial sustainability?**

Please share your approval or concerns in the chat.

**NOTE: The resolution was approved during the AGM on September 15, 2024.**

# SEBS North America's New Website

We are excited to announce the launch of SEBS NA, Inc.'s new website at <https://sebsna.org>. This marks a significant milestone in our transition from SEBS North America to SEBS NA Inc. (a 501(c)(3) nonprofit corporation), which began in 2021. The revamped site highlights SEBS NA's programs and provides access to past publications and documents, including annual reports and organizational charters. Additionally, the website offers a streamlined process for making online donations. Stay tuned for more updates!

# New Program: Female Mentorship

# Female Mentorship Program

---

A new Female Mentorship Program is designed to **connect, support, and empower female-identifying individuals within the SEBS community and beyond**. It features a comprehensive database of mentors with diverse areas of expertise, available to mentees from all academic backgrounds and locations, including Nepal, North America, and beyond.

Mentors can join by submitting an interest form through the SEBS NA website, while mentees gain access to the database by completing their own form. Once access is granted, mentees can select a mentor whose expertise and background align with their specific interests and goals. Communication between mentors and mentees is flexible and can take place in a format best suited to the pair. The frequency of meetings is determined by mutual agreement based on availability and needs. Through this personalized and inclusive approach, the program fosters guidance and connection across borders, provides a safe space for sharing their unique issues, and, ultimately, empowers female-identifying individuals to achieve their goals.

# Thank you, please continue to support us!
